Reporting

Summary

Please provide a summary commentary of work completed during the reporting period in this section.

This summary will also be included as a blog post on the SU Website and on Social Media.

I have been arranging the Celebration and Awareness of Disabilities event, sending emails and arranging meetings with ASSIST and Changemaker. I had a meeting with Mark from Changemaker to go through the What do Graduates do? report and it shows that disabled students are less likely to go into employment. The University is keen to work on this and determine what the situation is like here in Northampton.

Manifesto Pledges

What have you done in this reporting period (between the last Council meeting and now) to get you closer to achieving your manifesto pledges?

Manifesto Point	Progress Since Last Meeting
Support Disabled Students and have their interests and concerns in mind when attending officer meetings.	Pushing for A&C event and attending next Disability Coordinators meeting 09/03/2020.
Establish meet-ups between students	None, as poor engagement previously so talked to students who did attend when I saw them in LH.
Liaise with other part-time officers.	Kept up-to-date with what other officers are doing- talking with them and messaging to keep in contact.

Mandates
